Dear Parents and Carers,

I hope you are enjoying our new ClassDojo App. From our perspective it has been great to be able to share messages with you individually and also share information with classes and the school quickly and effectively. ClassDojo does so much more than what we have it set up for currently.

We are going to be using ClassDojo to share homework tasks but in order to do this we require your permission for your child to access their account. The slip is at the bottom of this letter. As soon as you return the slip, we will give your child a code to use to access an area called portfolios where they can upload work on their private user area.

With their student account, your child will share what they're learning through photos, videos and journal entries on their own digital portfolio. This portfolio can only be seen by your child, you, and their class teacher, and teacher's will approve all posts. Your child will also be able to view their feedback from class and customise their ClassDojo monster. If your child is under 13, I need your consent to create your child's student account on their behalf.

As a staff we will be setting homework each Friday for your child to engage with online. The instructions will be simple to follow and hopefully provide an element of fun to homework tasks. This is a new resource for us too at Marshside, so as we become more familiar with the capabilities of ClassDojo we will experiment further.

Many thanks for your support,

Mrs N Sandland (Headteacher)
